2010 United Federation of Dirt [UFD] Race Calendar

KANSAS CITY, MO: We are thrilled to announce the 2010 United Federation of Dirt [UFD] race calendar. The UFD consists of a collective group of promoters, trail builders and racers unified in the goal of bringing dirt lovin' good times to the Missouri and Kansas region.

For 2010, we are promoting 17 traditional cross country mountain bike races divided into two leagues. The Eastern League is comprised of 8 races and the Western League will be hosting 9 races. The Endurance League brings together 4 races focused on long distance and the ability for the human spirit to suffer. The events will take place on some the best singletrack that the region has to offer, including the ever popular Castlewood State Park, Spanish Lake, Wilson Lake, KS and newly minted Swope Park.

In addition to the 17 cross country races and 4 endurance races, we are pleased to announce the return of the Short Track Dirt Crit Series to the St. Louis area and the Kansas City region. These weekly training races will be the perfect way to keep the legs a moving and the body acclimated to racing on dirt.

And lastly, the UFD is proud to announce that these events will be under the sanctioning of USA Cycling. This is just the beginning of many exciting things to come for the 2010 season. We are still in the early planning stages and working to get all the pieces in place to bring you the best racing experience around. Look for more announcements soon...fun in the dirt is what it is all about.
